In the stillness of Your presence
In the quiet of this moment
Have Your way, have your way

We won't rush Your Spirit moving
We won't hurry what You're doing
Have Your way Have Your way

Your voice cries out
With heaven's sound
All we need is just one word
Transfixed by You
Your voice breaks through
All we need is just one word

With a whisper You are leading
my heart open now receiving
Have your way, Have your way

Holy Spirit come
Come in power and love
Oh how we need You
Oh how we need You
