Faithful One

Kurtis Parks. Jason Yost. Travis Mason. Steph Modder
CCLI Song# 6005599

Time and time again we see Your mighty hand
At work in and through our lives
Our hearts could turn away, but You will never change
Oh Lord, You never fail!

You are the Faithful One!

CHORUS:
You pick me up when I've spiraled down
You're my rock when I'm on sinking ground
I stray but still you run to me

Your promises have eternal weight
Your follow through is never late
Always, You were and You will be

You are the Faithful One!

Verse 2:
All throughout Your word, You show your promises
endure, steadfast until the end
You call us to believe, in things that we can't see
You're there whispering in the wind
You are the Faithful One

Bridge:
As constant as the ocean's tide (s)
As endless as a star filled sky
The One, Faithful One
Rising suns and setting moons
Take their stage because of You
The One, Faithful One
